

EWB raises awareness at UNLV. EWB-Las Vegas Student Chapter Liaison Guy Voss and President David Levine recently participated in 'Rebels Give Back'. Rebels Give Back is an UNLV hosted event where students partner with professional societies to create hands on educational service projects. The event gave UNLV student Dominic Mohrhardt a chance to promote and raise interest for the EWB-student chapter. Dominic is expecting to officially establish the student chapter in September. The event involved a presentation on the EWB-LV Ghana orphanage project and also had the students attempting to build a water pump. The students thoroughly enjoyed the event, learning about EWB, and of course making a mess.
